INTERNATIONALS ARE INVITED TO JOIN OUR OCTOBER 2018 CAMP

BUILD, HARVEST, LEARN

21 – 31 October 2018

BUILD:

Build an ecological community centre with mud bricks in the Jordan Valley with the Jordan Valley Solidarity Campaign that will benefit 13 small communities struggling to remain in their homes. Stay in the Jordan valley for three days and encounter the severe living conditions of the local herding families. Gain insight to the issues of demolition and displacement

HARVEST:

Harvest olives in a village in the West Bank led by Rabbi Arik Ascherman from Torat Tzedek. Live with Palestinian families from the village for three days to learn more about their struggles to remain in their homes and gain access to their land. Experience the joy of the olive harvest.

LEARN:

Learn about additional issues when we transfer to a small hotel in Bethlehem for four nights. Our programme of field trips will explore other locations in the Occupied Palestine Territory and Israel. Meet will critical Israelis and receive understanding about the elements required for a just and sustainable solution. Strengthen your involvement in the global movement for peace in the Middle East and explore ideas on how to advocate for equality and justice for all.
